

The evolution of your mail center

Online Services is designed to help mail managers create and oversee more productive and cost-efficient mailroom operations - while making mailroom tasks much easier.

Online Services gives you more control of your mailing system and helps transform complicated mailroom tasks into simple ones.

This web-based service is a user-friendly application that enables you to accurately track mail, view expenses, generate reports and protect yourself from unexpected costs, all from the convenience of your desktop computer.

Features include:

- Web-based tracking of USPS® Special Services
- E-mail notification of delivery or non-delivery
- Centralized online viewing of all mail transactions
- Report generation of departmental and USPS mail class postage data
- USPS rate protection from postal rate increases
- "Low Ink" alerts via e-mail
- Access to discounted postal rates
- Ability to view departmental postal statistics

Tracking

Take control of your mailroom operations. With Online Services, you can accurately track all your outgoing mail and expenses from one central location. You'll know when every mail piece went out, and more importantly, when they arrived at their destination. Gain immediate access to mailing system data via your PC, consolidate it and generate reports based on department and postal usage.

Management

Increase productivity by managing mail center operations right from your desktop. View data by category, time periods and

by USPS® mail classes. At a glance, see mailing expenses and a detailed history of mailing preferences and usage. Also, with a low ink alert notification feature, you'll never run out of ink again.

Savings

Through Online Services, you can utilize USPS Special Services to take advantage of postal discounts. In addition, by tracking postage costs, you can identify other opportunities to lower costs, budget effectively and turn your mailroom into a profit center. And with rate protection, you are shielded from unforeseen expenses and ensured your rates are always up to date during postal rate increases.

Available in four different modules:

Total Protection

- Rate protection against USPS rate changes
- Ink alert, via e-mail, notifying you of low ink

Total Management

- View mailing data by department
- Track your USPS statistical data
- Generate reports

Total Solutions

- Combined benefits of Total Protection and Total Management

E-Services

- Tracking capability using USPS Special Services
 - e-Delivery Confirmation
 - e-Signature Confirmation
 - e-Certified
- Confirm delivery status via e-mail notification
- Qualify for discounted rates on USPS Special Services
